Attachment: LRTP Amendment 9A Packet

Amendment 9A – Change to *Transportation Plan 2040*

The public is invited to comment on changes to *Transportation Plan 2040*. *Transportation Plan 2040* is the long range transportation plan for the region and proposes a list of projects which can be afforded through 2040. Projects moved to construction in the Transportation Improvement Program must first appear in *Transportation Plan 2040*. In the development of the FY 2019 to FY 2022 TIP, one project has been requested for programming that is currently on the Unconstrained Project List:

ID	Description	Time Band	Inflated Cost
M103	Route 60 Freeway Improvements from FR 213 to FR 247, including Route 125 interchange	2018-2022	\$15,380,000
		2023-2030	\$10,007,326

After May 20, 2018, any amendment to a long range transportation plan requires the plan itself to be updated to reflect the performance-based planning requirements of the FAST Act. A System Performance Report has also been incorporated into *Transportation Plan 2040*, satisfying this requirement.
