***Attachment: Disadvantaged Business Enterprise FY 2019 Goal***

The U.S. Department of Transportation's (USDOT) Disadvantaged Business Enterprise (DBE) Program is designed to assist small businesses owned and controlled by socially and economically disadvantaged individuals, including minorities and women, in participating in contracting opportunities created by USDOT financial assistance programs. The OTO adopted a DBE Plan in FY 2015, since the OTO utilizes USDOT funds.

Every year the OTO, as part of the DBE Plan, updates the DBE goal required on all USDOT assisted contracts made by the OTO. The OTO looks at a formula, outlined in Federal law and adopted in the OTO's DBE Plan, to evaluate the number of contracts that should be awarded each fiscal year to DBEs. The updated FY 2019 DBE Goal is attached, as well as the rationale. The OTO makes every effort to utilize DBEs regardless of an established goal. The percentage of available DBEs in the OTO area is small.

**The public comment period will end on June 13, 2018. After reviewing recommendations and public comments, the OTO Board of Directors will decide whether to formally adopt the changes at its regularly scheduled meeting on June 14, 2018, at noon, at 2208 W. Chesterfield Blvd. Suite 101, Springfield, MO.**

The proposed changes will be available for review at the Ozarks Transportation Organization offices and at [giveyourinput.org](http://giveyourinput.org). Comments may be submitted in writing to Ozarks Transportation Organization, 2208 W. Chesterfield Blvd. Suite 101, Springfield, MO 65807, emailed to [comment@ozarkstransportation.org](mailto:comment@ozarkstransportation.org) or faxed to 417-862-6013. The Amendment packet is also attached in this email press release.

**Ozarks Transportation Organization** is your Springfield-regional Metropolitan Planning Organization, or MPO. The MPO is a body of elected and appointed members who work together with local, state and federal elected officials and policy-makers, serving to make funding and planning decisions for transportation within the Springfield, MO region.
